

大学院特別講義のご案内

- 日時:平成27年3月23日(月)17:00～18:30
- 場所:弓倉記念ホール
- 講師:Professor Donald A. Curtis (University of California San Francisco)
- 演題:Maxillofacial prosthodontics patients as a model to better understand functional adaptations.
- 要旨:

We will discuss oral cancer in the United States and outline clinical approaches. We will also discuss what we can learn from patients with anatomic deficits; how they function and how they adapt. This will help us better understand how patients adapt to the procedures we provide.

問合せ先:有床義歯補綴学・高齢者歯科学分野(内線2954)
