

大学院生特別講演

- 講演テーマ
 - Editing of Oral Radiology : Bringing out the student in me
- 講演者
 - Prof. Sanjay Mallya (UCLA School of Dentistry)
- 講演日時
 - 2019年12月17日 17:00-19:00
- 講演場所
 - 歯学部D棟 大講義室
- 講演の概要
 - My new role as editor of White and Pharoah's Oral Radiology has opened my mind to better understand how students learn. A primary responsibility of an editor is to ensure that the material in the textbook is accurate, scientifically valid, and current. As the end user, the student is attracted to material that is interesting and relevant to their education, and in formats that enhance their learning of the material and its integration into other knowledge areas. In this presentation, I will discuss the lessons learnt from this activity and how these have influenced my teaching philosophy and the approaches to help student learn and understand radiological sciences.
