

大学院特別講義のご案内

- ◆ 日時： 2023年6月26日 16:30-18:00
- ◆ 場所：D棟2階 中会議室
- ◆ 講師：**Professor. Petros Papagerakis**
Dean of Dentistry, Laval University
- ◆ 演題：「Dental genetic diseases and treatment options①」

要旨： Dental genetics is an emerging clinical science field that offers multiple clues in understanding the links between oral and systemic health. These two lectures will provide a brief overview of genetic diseases affecting dental tissues and their potential links to systemic manifestations.
