

# 大学院特別講義のご案内

◆日時：2023 年 8 月 22 日（火）18 時から 19 時半

◆場所：D 棟 4 階 大講義室

◆講師：YANG FAN-PEI

(Professor, Artificial Intelligence Center , National Tsing Hua University

Founding director, Center for Cognition and Mind Sciences, National Tsing Hua University)

◆演題：***"Prediction of acute ischemic stroke using multimodal MRI and deep learning networks"***

◆要旨：

Early detection of ischemia is crucial for diagnosis and treatment plan for stroke patients. The talk will demonstrate how to apply AI approaches to different image sequences to identify the ischemia shown in the brain image.
