

大学院特別講義のご案内

◆ 日時：6月1日（月） 17:15～18:45

◆ 場所：大講義室

◆ 講師：Egija Zaura 先生

Professor of Oral Microbial Ecology,

Division head of Departments of Cariology, Oral Public Health,

Orofacial Pain and Dysfunction, Pediatric Dentistry, and Preventive Dentistry, ACTA

◆ 演題：The Virtual Tour of ACTA & MetaHealth project

◆ 要旨：In her lecture, Prof. Dr. Egija Zaura will briefly guide you through various clinical and fundamental research departments at the Academic Centre for Dentistry Amsterdam (ACTA) - a joint Faculty of Dentistry of two Amsterdam universities (<https://acta.nl/en>). Thereafter, she will focus on transdisciplinarity approach in research aimed at solving wicked problems. She will share her experience with her ongoing transdisciplinary research project MetaHealth that focusses on reducing two frequently co-occurring complex conditions – childhood caries and overweight (<https://nwo-metahealth.nl/>).
